Vermont's Statewide 2014-2024 Long Term Occupational Projections

The Vermont Department of Labor announces the release of the 2014-2024 Long Term Occupational Projections, showing future employment growth in over 500 occupations. Also included in the release is the Median Wage Rate and the typical Education, Work Experience and On-The-Job Training needed for each occupation.

Long Term Projections provide a general guide for the direction and relative strength of occupational demand and assist the educational community, workforce development specialists, and individuals exploring careers to plan for the future and identify occupations that will show promise in the number of annual openings and good incomes over the long run.
