

Hiring Your First Employee

The Vermont Attorney General's Office has created helpful guidance for new employers who are hiring their first employee. Use this guide to understand legal requirements associated with becoming an employer in the State of Vermont. These requirements include: federal and state tax law, unemployment insurance, workers' compensation insurance, and payroll deductions.

By clicking on the link below, you will leave the Vermont Department of Labor website for the Vermont Consumer Assistance Program website, a partnership between the Vermont Attorney General and the University of Vermont:
