

Compliance Assistance

What is VOSHA Compliance Assistance?

VOSHA Compliance Assistance is the outreach arm of the Vermont Occupational Safety and Health Agency. Compliance Assistance Specialists can provide general information about VOSHA standards and compliance assistance resources. They respond to requests for help from a variety of groups, including small businesses, trade associations, union locals, and community and faith-based groups. There is one Compliance Assistance Specialist in each OSHA Area Office in states under federal jurisdiction. They are available for seminars, workshops, and speaking events. They promote cooperative programs, such as Consultation Programs, the Voluntary Protection Programs, the Strategic Partnerships Program, and the Alliance Program. They also promote OSHA's training resources and the tools available on the OSHA web site. The Compliance Assistance Specialist for Vermont is Daniel Whipple and he can be reached at (802) 334-4367 or email at dan.whipple@vermont.gov
