

## Careers At Global Partners

Global Partners LP, a Fortune 500 company, is a leader in the marketing, storage, and distribution of petroleum and renewable fuels. With approximately 1,550 locations, primarily in the Northeast, we're also one of the largest independent owners, suppliers, and operators of gasoline stations and convenience stores. Our team of almost 4,000 Retail, Corporate, and Terminal employees works together to meet the energy needs of our customers while providing outstanding customer service. We are committed to our employees and offer excellent compensation, benefit programs, and growth opportunities.

## A History Of Reliability

For more than 75 years, Global Partners and its subsidiaries have served the energy needs of homeowners, businesses, industrial enterprises and government agencies nationwide and worldwide.

Global Partners began humbly in 1933, when Polish immigrant Abraham Slifka opened Slifky's Reliable Oil Burner Service Co. in Boston, working alongside his wife Sonya who was managing the books. With a single truck, Abraham delivered the heating oil that provided warmth to local businesses and families during the years of the Great Depression.

## Global Partners Today

While Global continues to grow, it retains the values Abraham Slifka instilled in his descendants — honesty, generosity and a strong work ethic. With more than 3,400 employees, the company has grown to include a portfolio of approximately 25 terminals and 1,500 owned or supplied gas stations in the Northeast and Mid-Atlantic regions under well-known brands such as Mobil, Exxon, Shell, Sunoco, Gulf, CITGO and Global.

Global is involved in local communities, donating heating oil and funding heating programs for low-income families. The company contributes to hundreds of causes across the country, including active support of charities working to find a cure for cystic fibrosis and multiple sclerosis.
