*Of Vermont*

## ABOUT

We are a 28 year old menswear company based in Middlebury, Vermont. We are growing our customer base, increasing new product categories and investing in our future.

Over the years, in response to customer suggestions and requests, we've expanded our offerings to include more accessories and apparel including neckties, cummerbunds, pocket squares, ascots, cravats, neckties, boys' ties and scarves and so much more - all of them made by our seamstresses right here in beautiful Middlebury, Vermont. We were all about 'Made in the USA' way before it was cool!

Be a part of this company that just made the Inc5000!
