HEALTH NETWORK

Central Vermont Medical Center

UVM Health Network - Central Vermont Medical Center is the largest employer in Central Vermont, with over 1700 full and part-time staff. Together, with our network partners, we are investing in our community to keep care local and support jobs that keep our friends and family healthy.

Central Vermont Medical Center is the primary health care provider for 66,000 people who live and work in the 26 communities of central Vermont. We provide 24-hour emergency care, with a full spectrum of inpatient (licensed for 122 beds) and outpatient services. Our professional staff includes over 200 physicians and 70 advanced practice providers representing 25 medical specialties.

Care is not only provided at the hospital, but also at CVMC's 23 community-based medical group clinics and local physician practices and at CVMC's Woodridge Rehabilitation and Nursing, a 153-bed long-term and short-term facility.
