

LUXBRUSH PAINTING COMPANY

ABOUT

Having just received an award from the Better Business Bureau for nine years of committed customer service, we at Luxbrush have been thinking a lot lately about the growth and changes that we have seen in the past decade or so. From our humble origins operating out of a small garage in South Londonderry to our present status as one of the largest, most versatile painting outfits in Southern Vermont, it's certainly been a wild ride.

One of the secrets of our success has been a commitment to craft that extends beyond the typical definition of "good painting." Sure, we're painting pros and we've adopted the high standards of the Painting and Decorating Contractors of America. Sure, we take pride in our staff's extensive knowledge of surface prep and best practices for painting and staining. But our obsession with "craft" doesn't stop with mastering paint technique.

We've spent years honing our customer service craft, as well. As we've grown, we've learned how important it is to greet our customers with a live voice and not a lame voicemail. We have a friendly office staff who happily schedule appointments, answer questions and (most importantly) build genuine relationships with our customers.
