

**To:** Vermont Legislature  
**From:** Michael Harrington, Labor Commissioner  
**Date:** August 4, 2020  
**Subject:** Unemployment Insurance Weekly Update

---

**This report includes both new and continuing efforts. New information is in RED.**

### **Federal Pandemic Unemployment Compensation**

- The Federal Pandemic Unemployment Compensation (FPUC) program that added an additional \$600 to each weekly benefit amount has ended. However, claimants who are in adjudications or appeals and are determined eligible, even if after July 31, will receive the FPUC benefit for each eligible week in which the program was implemented.
- **The Department has advocated for the use of a flat benefit rate such as the \$600, for any future supplemental benefits. The use of a flat amount will ensure that our claims systems can be updated quickly, so that claimants are able to receive additional benefits as quickly as possible.**

### **Unemployment Extended Benefits**

- The Department has implemented the high Extended Benefits program which will provide an additional 20 weeks of benefits to eligible UI claimants, but only after regular UI and PEUC benefits are exhausted. This program, while live, is still being reviewed and adjustments are being made as necessary.

### **Claim Issues**

- **The Department is expanding its use of the Claimant Inquiry Tool. Now when claimants contact the call center, if an issue cannot be resolved within 24-hours, the issue is logged in the Tool and a UI specialist is assigned the case.** Constituents/Claimants with UI related claim issues should be encouraged to first call the claimant assistance line at 877-214-3332.

### **UI Fraud**

- Individuals who believe a fraudulent claim has been filed using their personal information should notify the Department of Labor at 802-828-4101. This line is exclusively for fraud reports. More information about fraud and the ability to submit online reports is available at: <https://labor.vermont.gov/ui-fraud>.

### **Claims Adjudications and Appeals**

- **The Department continues to expand its adjudications and appeals capacity when/where possible. Additionally, we have onboarded additional staff, are utilizing staff from other divisions and departments, and are reviewing options for contracted services. We have, and will continue to, review the adjudications and appeals processes and have already identified areas in which we can increase communication to claimants to ensure they are aware of their status within the appeals and adjudications system.**

### **Reimbursable Employer Charge Relief**

- On August 3<sup>rd</sup> the President signed S.4209, which will provide immediate relief for reimbursable employers. Instead of reimbursable employers being required to pay 100% of their UI liabilities upfront, just to be reimbursed half, this bill allows reimbursable employers to only pay 50% of their liability.

### **UI Trust Fund**

- The Department's Labor Market Information division continues to build a UI Trust Fund model based on various assumptions and trends to forecast how the Fund will perform over the coming weeks, months, and years, as we manage the Pandemic.
