

To:Vermont LegislatureFrom:Michael Harrington, Interim Labor CommissionerDate:May 29, 2020Subject:Unemployment Insurance Daily Update

This report includes both new and continuing efforts. New information is in RED.

Current Week Priorities

- 1. Launch of Constituent Relationship Management Tool
- 2. Resolution of UI/PUA claimant issues (including stop-payment issues and adjudications)
- 3. Implementation of UI Fraud Unit

On-going Priorities

- Continue to resolve claimant issues and get them paid
- Continue to increase training for call-center staff
- Continue to improve responsiveness to, and communication with, claimants

Accomplishments and Milestones

- 9,825 UI claims were paid on May 27th for a total payment amount of \$9,466,482
- 732 PUA claims were paid on May 27th for a total payment amount of \$1,432,877
- 2,650 UI claims were paid on May 28th for a total payment amount of \$2,822,306
- 910 PUA claims were paid on May 28th for a total payment amount of \$997,979

Ongoing Activities

- Creating additional technical assistance and training materials for Maximus Call Center agents and improving call escalation process with Maximus Call Center agents. We have also instituted daily meetings with call center agents to better assist claimants and answer questions that can be resolved without escalation.
- The Constituent Management Tool had its soft launch and inquiries have already been submitted. Staff will be resolving and responding to claimants directly. The tool will be made available to the broader public in the coming weeks.
- Investigating fraudulent cases in both PUA and regular UI, which has seen an uptick in Vermont and across the country. Some fraudulent activity is committed by individuals intentionally misrepresenting material facts and information, and other cases have been the result of stolen identities. An Unemployment Insurance Fraud Unit will also be developed to respond to this increase in need.

Pandemic Unemployment Assistance (PUA)

- VDOL staff continue to work and clear adjudication issues on initial claims and any associated issues, so far, the staff are able to resolve PUA issues within 36-48 hours.
- Created an automated email that PUA claimants will receive when each weekly claim is being processed for payment with a rough timeline for receiving the payment.
- VDOL staff are doing call-backs to ineligible claimants to verify information and correct any issues.

Extended Benefits

- Per federal guidance, individuals who have exhausted their benefits must first utilize Pandemic Emergency Unemployment Compensation (PEUC) before being placed on Extended Benefits (EB). PEUC provides an additional 13 weeks of benefits to claimants who have exhausted their regular UI benefits.
- Claimants who have exhausted their regular UI benefits are being put into the PEUC program daily to continue filing claims for the additional 13 weeks.

Communications

• Ongoing notification for various programs, FAQs, social media, and other.

Call Center Functions Update

- Maximus call center is recording each claimant interaction for quality assurance. Load balancing will occur across Maximus call queues and across the entire system, including supplemental line.
- All UI lines have been transferred to Maximus. Staff will remain on the GMP line until May 29th to serve as overflow support.
- Thursday's call attempts were 3,786. Of the calls made to the line, 99% of callers were offered spots in the queue. The average wait time on the Maximus line was 6 seconds. We are seeing the largest number of incoming calls occurring between 8am-8:30am. During this time, it is possible that a caller might be sent to the overflow queue or the call may not connect.

Unresolved/Unique Populations

- PUA claimants with payment calculation issues remaining.
- UI claimants serving penalty weeks for having committed UI fraud.
- PUA claimants who are ineligible based on their application and/or weekly filings.
- PUA claimants with pending adjudication stop-payment issues.
- UI claimants in formal UI Adjudication and/or appeals process.

Top Claimant Issues

- Regular unemployment claimants unable to file weekly claims or receive weekly benefits because their claim is still being adjudicated or have a fraudulent code on their UI claim and are serving penalty weeks.
- PUA claimants deemed ineligible because they answered questions incorrectly and would like to update their response. VDOL is assisting these cases and updating, as necessary.
- PUA claimants who are eligible but cannot access the PUA application because on their initial application their information was submitted incorrectly (date of birth is most common).
