

#Hiring2DayVT

ABOUT

Centrally located in the picturesque Mad River Valley, Sugarbush Resort is a remarkable four-season Vermont destination featuring legendary New England skiing and riding, an excellent ski school, refined accommodations, a round barn inspired restaurant and many other unique dining establishments serving local cuisine, mountain views, an award-winning golf course, a health club and more. It's often said that people come for the mountains and stay for the Mad River Valley. It's all about community here, and we like to think that community is better at Sugarbush.
