

#Hiring2DayVT

ABOUT

Vermont Precision Tools, Inc. (VPT) is a family operated manufacturing facility located in Swanton, VT. We provide our customers with the highest quality products and services in the metalworking industries including: Aerospace, Automotive, Cold Heading, Cutting Tool, Die Casting, Ejection Molding, Fastener, Powder Metal, Stamping and Tool & Die. VPT also manufactures medical burr blank product lines, under ISO certification 13485, which are used for surgical cutting tools.

In addition, we have our Vermont Gage division which manufactures a wide range of gaging product including pins, sets, taperlocks, trilocks, rings and thread gaging products, in a variety of tolerances and materials. Vermont Gage has maintained ISO 9001 certification since 1999. Vermont Gage's calibration lab is accredited to ISO 17025:2017 for plain external diameters and plain internal diameters.

VPT's vision is to be a successful company focused on providing its customers the highest quality products and services, generated within a team environment, built on a foundation of mutual respect, fairness and pride.
