

Champlain Community Services Inc.

Champlain Community Services (CCS), Inc. is a distinguished developmental service agency providing essential supports for individuals to lead healthy, safe and meaningful lives.

Founded by families of people with intellectual disabilities and autism, CCS is a true grassroots organization that emerged as a nationally-recognized leader in its field. The individuals and families we work with enjoy a strong sense of community and support at CCS.

We believe the foundation of a successful business starts with employees who feel supported, valued, and listened to. Voted as one of the Best Places to Work in Vermont for the third year in a row shows that our efforts are working.

Our mission guides us to 'Build a Community Where Everyone Participates and Belongs' and we have created such a space at CCS, and we invite you to join us.

EMPLOYMENT OPPORTUNITIES

Service Coordinator: Provide case management for individuals with intellectual disabilities and autism. In this role you will learn about strategies for individualized supports; build trusting, professional relationships; lead teams towards a greater goal; and continue your career in human services in a compassionate & fun environment.

Employment Specialist: Support individuals in developing career goals, securing employment, and collaborate with area businesses to build partnerships for long-term community-based employment.

Direct Support Professional: Provide direct supports to help individuals reach their goals. This is an excellent job for applicants entering human services or for those looking to continue their work in this field.

Shared Living Providers: Open your home to someone with an intellectual disability or autism and make a positive impact on their life, and yours! A generous stipend, paid time off (respite), comprehensive training & supports are provided.

Send resume and cover letter to Karen Ciechanowicz, staff@ccs-vt.org
