

**DANIELS
CONSTRUCTION**

ABOUT

Neil H. Daniels Inc. – DBA Daniels Construction is a corporation that was established by four brothers in 1965. The company performs construction (infrastructure) projects for the States of VT and NH, all municipalities, and private sectors. Our services include, but not limited to: bridges, box culverts, road work, drainage, water & wastewater facilities, electrical substations, underground utilities, excavations, dams, retaining walls, site development, stream and river restoration, demolition, pump stations, concrete work, carpentry work, and some commercial industrial building work.

Daniels Construction is a 100% Employee-Owned Corporation, which means everyone is vested in the company and have their own shares, this entices everyone to want to see the business succeed. The better the company does, the better you and your retirement plan does. The business is intended to reward those who work hard, have a good attitude and take a conscious effort to show pride in what they do. We also offer a full benefits package including, health, vision, dental, life insurance, short term disability, accident, reimbursement for further education, vacation, holidays, employee assistance plan and the retirement plan mentioned above (stock ownership).
