Subject: Unemployment Insurance Weekly Update

GENERAL

American Rescue Plan

- The American Rescue Plan (ARP) signed into law by the President on March 11 and includes provisions to extend various Unemployment Insurance programs:
 - **Pandemic Unemployment Assistance (PUA)** was created in March 2020 as a program for individuals not typically eligible for regular unemployment insurance to file for and receive benefits (e.g. self-employed, independent contractors, etc.). This program has been extended until September 6, 2021. The benefit week ending September 4, 2021 will be the final week claimants are able to file in the PUA program.
 - **Pandemic Emergency Unemployment Compensation (PEUC)** was also created in March 2020 as an extension program for claimants who exhausted their regular unemployment insurance benefits but remained unemployed. The ARP extends the number of weeks an individual may receive in the PEUC program from 24 to 53 weeks if they exhaust their regular UI benefits.
 - **Federal Pandemic Unemployment Compensation (FPUC)** has also been extended through the benefit week ending September 4, 2021. Claimants will receive an additional \$300 benefit which will be added directly to their state weekly benefit payment.
 - **Reimbursable Employers:** The ARP increases the federal reimbursement rate for non-profit and municipal governments from 50% to 75% for the amounts of compensation paid for weeks of unemployment beginning after March 31, 2021, and ending on or before September 6, 2021.
 - **Unemployment Insurance Tax Exemption:** The first \$10,200 in 2020 unemployment benefits are exempt from federal income tax for households with incomes below \$150,000 per year. This tax exemption is under the jurisdiction of the IRS. Claimants may find more information about the exemption on the IRS website here: <https://www.irs.gov/faqs/irs-procedures/forms-publications/new-exclusion-of-up-to-10200-of-unemployment-compensation>

1099 Processing Incident:

- Once a claimant has received and reviewed all of their 1099 documents, if they still feel that the information provided on the forms is incorrect, they can submit a 1099 correction request form. If a claimant needs a new 1099 or never received a 1099, they can also request to have the Department reissue

their 1099. Individual who receive a 1099 from the Department but never filed for unemployment benefits should file a fraudulent 1099 report with the Department immediate. All in formation regarding 1099 requests can be found at <https://labor.vermont.gov/request-1099-correction>.

Recapture Update

- As of March 7th, the Department had recaptured 61% (approximately 57,600 returned out of 94,800) of all original 1099s that were delivered to the post office.

Identity Protection Update

- The State has contracted with Identity Theft Guard Solutions, Inc (IDX) to provide identity protection service to claimants. This protection will cover claimants for a minimum of 12-months. Notices were mailed to all 2020 claimants on Thursday, February 18. Claimants have until May 18, 2021 to register with IDX for credit monitoring services, which are retroactive to the date of the incident (January 29, 2021).
- As of March 15, 2021, 10,819 individuals had enrolled in ID protection. Claimants have until May 19, 2021 to enroll.
