

# BROOKDALE

— SENIOR LIVING —

## ABOUT

Brookdale Fillmore Pond offers independent living senior apartments and cottages, residential care apartments and memory care apartments. In keeping with our philosophy, our staff supports our residents in maintaining their independence and dignity. We have a full schedule of activities that are designed to keep our residents active and engaged.

Relationships are the heart of our culture. They help us create a sense of family among our residents, associates, and patients. Integrity is our soul. It guides us to be open in our communication with each other, and it enables us to make the right decisions for the people who have entrusted us with their care. Our relationships and our integrity work together to create a positive impact in the lives of the people we touch.

The happiness of those we serve is dependent on the happiness of our associates, so you'll receive competitive compensation and a benefits package with additional perks designed to make you smile. The work you do will be challenging yet rewarding. But you'll earn more than a paycheck; you can enjoy opportunities to grow your career, as well as ongoing programs catered to your health, financial, mental, and emotional needs. Most of all, we believe you can find purpose, meaning, and the chance to be a part of something bigger than yourself.

If you want to work in an environment where you can become the best you that's possible, join us!
