

ABOUT

Gifford Health Care, an FTCA deemed Federally Qualified Health Center, is a network of community health centers throughout central Vermont and the Upper Valley. Our locations include six primary care clinics, a Critical Access Hospital with a renowned Birthing Center, specialty clinics, and senior living facilities.

Gifford Medical Center, a Critical Access Hospital in Randolph, Vermont, is the beating heart of the Gifford Health Care system. Nationally recognized for its importance in serving our rural community, it has remained a central hub of high-quality medical care in Vermont for over 110 years.

Here, you'll find helpful staff, skilled providers, and exceptional specialty care, close to home. We provide a wide range of services within our modern, comfortable facility, including 24-hour emergency care, inpatient and outpatient services, diagnostic imaging, surgery and rehabilitation, and end-of-life care. Additionally, our newly renovated and highly-acclaimed Birthing Center combines the expertise of OB/GYN care and low-intervention midwifery. At Gifford Medical Center, we care for you with a hometown approach... for life.

Mission Statement

"As a community health center and medical home, Gifford's mission is to improve and manage the health of the people we serve by providing and assuring access to affordable, high-quality health care, and by promoting the health and well-being of everyone in our service area."
