

# The Home Depot

## ABOUT

Our founders' vision of one-stop shopping for the do-it-yourselfer came to fruition when they opened the first two Home Depot stores on June 22, 1979, in Atlanta, Georgia. The first stores, at around 60,000 square feet each, were cavernous warehouses that dwarfed the competition and stocked 25,000 products, much more than the average hardware store at that time.

Today, The Home Depot is the world's largest home improvement retailer with nearly 400,000 orange-blooded associates and more than 2,200 stores in the U.S., Canada and Mexico. The typical store today averages 105,000 square feet of indoor retail space, interconnected with an e-commerce business that offers more than one million products for the DIY customer, professional contractors, and the industry's largest installation business for the Do-It-For-Me customer.
