Subject: Unemployment Insurance Weekly Update

This report includes both new and continuing efforts. New information is in RED.

Lost Wage Assistance Program (LWA)

- Regular UI claimants have continued to submit their responses to the self-attestation question required under the LWA program. We will continue to issue payments regularly as claimants complete the attestation. Eligible claimants will receive \$300 for each week in which they are eligible. Claimants who do not have internet access but need to complete the attestation should contact the UI Call Center at 1-877-214-3332. More information about the LWA program can be found online at: <https://labor.vermont.gov/unemployment-insurance/lost-wage-assistance-program>
- Claimants are able to complete their LWA certification by contacting the UI Call Center but it is important to note that because this benefit is being administered outside of our UI systems, the Call Center is unable to provide status updates on payment eligibility and/or payment status. Additional information regarding payment processing and when claimants can expect their LWA payment has been posted on our website and will continue to be updated to reflect payment processing going forward: <https://labor.vermont.gov/news/lost-wage-assistance-program-payment-update>
- We have issued the first round of LWA payments to eligible claimants who completed their COVID certification through the Online Claimant Portal as well as by contacting our Claimant Assistance line. We are beginning to review claimant certifications for the second round (benefit weeks ending August 22, August 29 and September 5) and expect to issue payment early next week.

Unemployment Extended Benefits

- The Department has implemented the high Extended Benefits program which will provide an additional 20 weeks of benefits to eligible UI claimants, but only after regular UI and PEUC benefits are exhausted.
- The State of Vermont will officially trigger off of High Extended Benefits at the end of this week (benefit week ending October 10). Claimants impacted by this programmatic shift have been notified by the Department. Additionally, the Department will begin sending communication to claimants as they begin to exhaust their 13 weeks of state extended benefits program.

Claim Issues

- Claimants that contact the Claimant Assistance Center with an issue that cannot be resolved within 24-hours will be moved to the Inquiry Tool and a specialist will be assigned to their case for expedited resolution. The Claimant Assistance Center can be reached at 877-214-3332.
- With the UI "busy season" approaching, there have been some changes made to how mass claims are being processed this year as a result of elevated claim levels. Additional content and materials will be available to claimants and employers later this week. Employers and claimants can find more information on our website: <https://labor.vermont.gov/unemployment-insurance>.

UI Fraud

More information about fraud and the ability to submit online reports is available at: <https://labor.vermont.gov/ui-fraud>.

Claims Adjudications and Appeals

- Our team of factfinders has launched successfully. This effort is designed to expedite the adjudications process by increasing the speed in which claim determinations can be made. Additionally, the Department has hired more staff in both the adjudications and appeals units to accelerate the processing of contested claims.
